Circumcision

Dear Patient,

We would like to thank you for choosing Woman's Group of Meridian to provide quality care for you and your baby. This letter is to inform you that Dr. William Hamilton performs circumcisions in our office after the delivery of your son.

There is a fee of \$243.00 for this procedure and is due at the time of the circumcision. Some insurance companies will cover the procedure, however, it is our policy that this procedure be paid for prior to services rendered and then we will file your insurance. If the insurance company pays we will reimburse you at that time.

Please schedule an appointment at time of delivery to have your son circumcised. If you have any questions, please contact our Financial Services Department at (601) 482-8670.

Sincerely,

Woman's Group of Meridian
